I was attending and presenting a paper at International Academic Conference In Buenos Aires, Argentina in February 3-6, 2013. It was a big opportunity to give a speech about Regional Innovative Knowledge Society as RSA Ambassador. There were many topics related to social sciences. I think that it was a big experience to meet and take part in debate during the conference. There were many sessions and debates. I was displaying and circulated your call for paper at the conference. I was presentation at the conference with RSA 2 slides for inviting the participants on my session. Some of scholars were interested in RSA and RSA' Conferences. I believe that it was so excellent promote about RSA and RSA's activities such as membership, publications and conferences.
