

## **Regions in Recovery Second Edition 2022: Re-imagining Regions 21<sup>st</sup> March – 1<sup>st</sup> April 2022, Online**

# **#RinR22**

### **FESTIVAL PARTNERS**

As in 2021, #RinR22 will again run as a multi-partner event. The e-Festival will be a research-led celebration of thinking about our regions and cities in a time of great crisis and change. The collective goal is to bring together an inclusive community to share research thoughts and to network.

We invite societies and research-led organisations to join the e-Festival as partners and present their sessions to an engaged global audience.

As a partner you will design and curate your own sessions in form of special session tracks within the event and advertise via your networks. Partners' logos will be added to the e-Festival's visual and be listed as partner on the Festival's webpage with their logo, short description and link to partner's websites.

In addition to offering its own programme of sessions, the RSA will power the event through administrative and technical support to all partners. In detail the dedicated RSA team will manage the registration, IT, run rehearsals, promote the e-Festival's programme via its global networks and provide support during the e-Festival.

If you would like to partner with us as part of the 2022 e-Festival, please get in touch with Daniela Carl at [daniela.carl@regionalstudies.org](mailto:daniela.carl@regionalstudies.org).
